Railroads.

Eighteen years not a mile of railway leading out of Boston; but at the present memspapers reports contain the querrest statement the Metropolis of New England has ments. Here is the latest:

A Lucky Max.—The barkedper of the statemer Webster, lately destroyed by fire, who steamer Webster, lately destroyed by fire, who was reported drowned, was found on a pile of drift wood and picked up with, as he supposed only the clothes on his back. He was unable to J. L. Green. Railroads ent time the Metropolis of New England has a railway communication with the States ad-joining Massachusetts, measuring, in various directions 4,250 miles in length. The number of miles of railway in the United States at the present time is about 10,000; the number of rules in Great Britain, 0,284; in France, 1,831; in Belgium, 350, in Germany, 4,542.

The other night while out a walking, With a lady young and fair: Twice had she, while to me talking, Heard her dress, with anguish tear.

Twice it eaught, and twice was riven, Twice her patience bore the shock; Twice she humbly called on heaven, For a tidy Turkish frock.

A discovery has just been made at Lan-sing the capital of Michigan of a first trick played by the Locoloco Speaker of the Michi-gan Legislature. The law provides that the ker shall receive the same pay as the members and the members shall receive three dollars a day. The Speaker continued to get an order on the treasury for his pay asspeaker and also one as member, and then drew
